EXPERIENCE

Owner | MML Designs | Aug 2017 – Present

Independent consultant as Front-End Developer and website design. Helping businesses by creating responsive websites, logos and business card designs. Including client and consultant coordination.

MML Designs Client: REFLEKTIONS | June 2018 – Mar 2019

Front-End Developer consultant. Provided the user interface solution to the back-end programming team, including the final look, feel and behaviour of the interface in different contexts. Ensure that projects are delivered on-time, within scope. Worked independently and coordinated with team of backend developers using in-house cms.

MML Designs Client: **REITMANS | Aug 2018 – Sept 2018**

Front-End Developer consultant. Assisted their team on the personalization project. For shopper to create profile, select payment methods, preferred store locations for multiple brands. Completed sprints in a team of seven. Submitting code daily.

MAC Coordinator | JLL Client: **DESJARDINS | Apr 2015 – Sept 2016**

Coordinate, plan and schedule all moves, additions, relocations, furniture/move reconfigurations office set ups for client new hires and departures in a 24 hour process. Maintain central database housing space plans, configurations and furniture layouts.

EDUCATION

Internet Programming & Development AEC
John Abbott College | 2019-2020

Responsive Web Design Certification
freeCodeCamp | Sept 2019

Lab12
Les Pitonneux | Mar 2017-Jun 2017

Secret Security Clearance
Level II 2025

HACKATHON

Placed 3rd worldwide
JAMstack Hackathon freeCodeCamp | Remote Team Grilled Chicken | 2018

The challenge was to complete a project using JavaScript, APIs and Markup in 24hrs. My contribution was the concept, to add dog adoptions by matching dogs to people looking for a dog along with the look of the site.
